The Belle Glade Herald

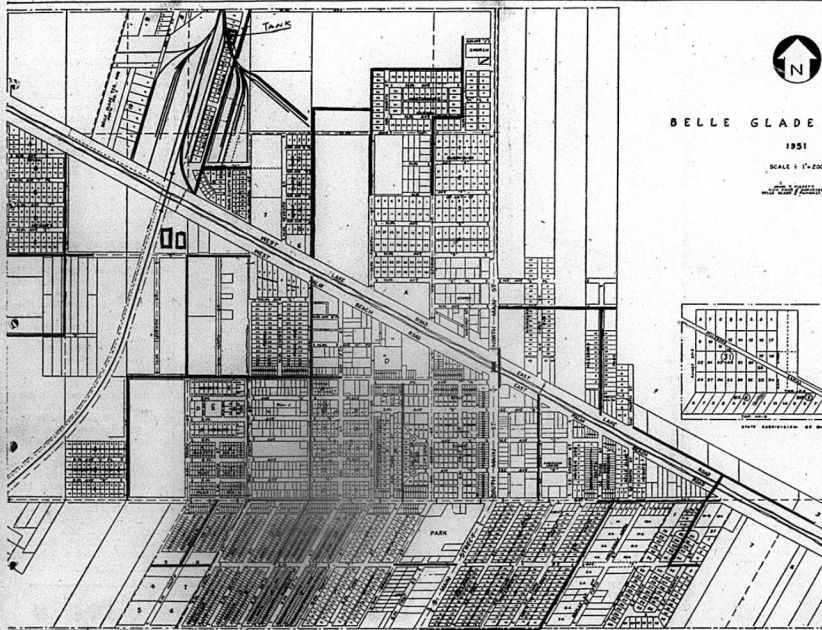

In the heart of the fabulous Florida Everglades where fresh winter vegetables for the war nation can be produced. Investigate our possibilities.

Volume 17, Number 4

Belle Glade, Palm Beach County, Florida,

Friday, August 17, 1956

Price \$3.00 a Year—10c a Copy

ADDITIONS AND EXTENSIONS TO PRESENT BELLE GLADE WATER FACILITIES proposed to be done with bond funds are shown in the map above. Information used in making this map was obtained from reliable sources and we offer it as the most reliable information on what you will get

for your money in the proposed bond issue. The map published last week purported to show the same thing but is obsolete as a great deal of the proposed work shown there has already been done. It being done or shortly will be begun by the local water department out of funds on hand.

Belle Glade Adds Seven To Faculty

Seven new teachers have been added to complete the 1956-57 school year's list of faculty for Belle Glade School. Of the seven new teachers, four will be assigned positions in the elementary grades and three will work with junior high and senior high students.

New elementary teachers are Mrs. Marie Battle, transfer from Osceola Central School, who will teach in fourth grade; Miss Audrey Renfro, formerly of Radcliff, Kentucky, who will teach in fifth grade; Mrs. Inez Dickinson, formerly of Belle Glade and more recently of Georgia, who will teach sixth and Mr. Hugh J. Rudder, from Homosassa, Florida, who will teach eighth grade.

In the high school, Mr. Gordon Nicholas, from Morris, Alabama, will teach in the English and Social Studies fields. Mrs. Elizabeth Crockett, who is from Arcadia, Florida, will teach Mathematics and English. Mrs. Crockett is the wife of Mr. Joe Crockett who will be assigned as a herdsman at the Everglades Experiment Station.

Rounding out the list of new teachers is Mr. Jim Maynor, who will be the new athletic director and head coach of the Belle Glade varsity football team. Mr. Maynor is recently from Fitzgerald, Georgia where he was athletic director in the high school. He was at one time high school coach at Belle Glade and also coached at Pahokee High School.

Leslie Jones Attends Management Institute

Leslie Jones, manager of the Credit Bureau of the Everglades of Belle Glade, Fla., was in Chapel Hill, North Carolina last week at the University of North Carolina attending the eleventh annual Credit Bureau and Merchants Association Management Institute. This Management Institute is now the largest as well as the oldest Institute of its kind, according to Dr. R. S. Winslow, Director of the Bureau of Business Services and Research, University of North Carolina. Other similar Institutes are held at the University of Kansas, Yale, the University of Illinois, and the University of Texas.

The management courses offered this year are in the field of Credit Bureau, Merchants Association and Collection Service Management with various elective courses. Among the elective courses are Applied Psychology, Job Improvement Methods, Fundamentals of Management, Salesmanship, Employee Selection and Training, and Public Speaking. In addition to these courses of study the Institute offers an Advanced Management Fundamentals Study for those who have successfully completed four or more years of Institute work as well as a "capsule" or orientation course of study for managers in the local industry who have been in the profession for less than two years.

Dean Frank Edmonds of Johnson City, Tennessee, says this year's session has an attendance of one hundred and twenty-six from thirteen states.

Lake Region Still Needs Rain Badly

Rainfall in the Lake Okechobee region continues to be sparse with the Lake Okechobee water level reported at 10.24 for August 15th.

The office of United States Engineers at Clewiston reports an average rainfall of one-half inch for the period August 10th through 14th at its five stations around the lake.

St. Lucie Lock showed 73 inches for the period, Ortona Lock 10 inches, Moore Haven Hurricane Gate 19 inches, Industrial Canal at Clewiston 19 inches, and Taylor Creek Hurricane Gate at Okechobee 78 inches.

The U. S. Sugar Corporation reports an average rainfall of three-quarters of an inch for its twelve stations around the lake region.

Bonhoo showed a fall of 15 inches, Liberty Point 15 inches, Clewiston Towsite 88 inches, Bare Beach 40 inches, Ritta 35 inches, Miami Locks 1.08 inches, South Shore Village 34 inches, South Bay 1.21 inches, Briant 1.05 inches, Pelican Lake Village .56 inches, Pahokee Plantation 1.46 inches, and Runion 1.38 inches.

The Everglades Experiment Station reports a total fall of 2.27 inches for the same period. The overall area still remains approximately thirteen to fourteen inches short of the average for the year.

Softball Playoff Begins On Tuesday

The Belle Glade Softball League will start their playoff Tuesday night at 7:30. Grabbers, the league winner, will take on Glades Machine in the top of the double header. Glades Cleaners will fight it out with Griffs in the night cap starting at 9:15.

There will be a two game elimination in the playoff. All games will be played at South Bay, because the threat of Hurricane Betty caused all the playing field lights to be removed at the Belle Glade field.

Bill McClatchy has asked that all members of the Jaycee team turn in their shirts to his service station at once.

62% For Slaughter 38% To Stockers

Slaughterers took a majority of Monday's cattle at a "Steady to Higher" price with stockers being able to get theirs at steady to lower prices in a 900 animal sale.

The new Hooker Highway is made available to cattlemen on Monday's, which eliminates a great many trucks from crossing the railway. With the County Barn, The Fire Control headquarters, the Vegetable Inspection Service, Prison Farm and Kunkle Meat Co., the use of the new road is important to the community.

The Angus Feeder Calf sale under Bill Sitt of Clewiston is expected to offer top quality animals on September 19th. All animals offered must be through Mr. Sitt.

Post Office Recognizes Idea Of Mrs. Dot Kesse

Mrs. Dorothy B. Kesse, a regular clerk at the Belle Glade Post Office was presented today with a certificate of award from the Post Office Department as official commendation and appreciation for contributing a beneficial suggestion to the postal service. The presentation of the award was made by Mr. Rosa A. Nash, assistant postmaster.

With the certificate Mrs. Kesse also received a cash award of \$125.00. The cash award and certificate were presented for her suggestion to the department of the use of a combination stamp for use in returning P.O.D. parcels to the sender. Heretofore 3 stamps had been used in the place of the suggested one, and with the adoption of the combination stamp it was found locally that half the time that had been consumed previously, was now necessary in preparing a parcel for return. (Continued on Page Eight)

Rotarians Hear Owen At Regular Meeting

James Owen, Jr., county tax assessor for Palm Beach County, was the principal speaker at the Belle Glade Rotary Club last Friday noon at the regular luncheon meeting.

Mr. Owen has served many years as county tax-assessor in Palm Beach County. He succeeded his father in this position; his father being the first county tax assessor for our county.

Mr. Owen spoke on the subject of assessment valuations of property and the taxation policies of the State of Florida in comparison with other states in the Union.

He pointed out the tremendous advantages of living in Florida from a tax standpoint, showing as case in point the vast influx of persons in a position to benefit from a liberal taxation policy.

He also spoke briefly on the soundness of the Florida State Constitution. He conceded the need for constitutional revision, but pointed out that many of the basic principles set forth in the document are sound and are one of the reasons for Florida's vast growth. Mr. Owen serves on the Constitutional Revision Committee which is presently working on revision.

Mr. Owen was introduced by Mr. James A. Ball, Jr., a member of the Belle Glade Rotary Club.

Plans for Waterworks Improvements Assure Outstanding Municipal Unit: Fire Protection Vastly Improved

Providing more pressure, more reliable quantity of water, and storage facilities to give household supplies and nearer adequate fire protection is the aim of the engineers current proposals for the City of Belle Glade's Water Works.

To begin with, dead-end supply lines will be connected up in order to equalize the supply pressure; present small supply pipes will be replaced with larger and adequate ones. All sections of the City will benefit by this plan.

Additional fireplugs will be installed after adequate mains have been provided.

Water treatment and storage are the major improvements. Presently it is necessary to store only two and a half hours supply for the city's users. It is proposed to provide 48 hours storage capacity. A tank for storage will be provided in the Terminals for 500,000 gallons of water ready for use. This coupled with the two tanks and the tank at the water plant will give approximately one day's supply of finished water ready for use.

A million gallon ground-storage tank will be erected at the plant for storing raw water, which will give one day's supply additional.

We are informed that present water treating facilities are adequate for twice the City's present use, but due to the lack of storage facilities the machinery must run continuously in order to insure a water supply.

Changes in the water treatment, as well as small additions to the machinery and equipment, will be used half the time it is now used and produce a class of water which the City is entitled to have.

The water plant improvement plans, generally, call for things that the community need and must have to insure it of adequate water supply of the highest quality in South Florida.

Our water works have been one of the outstanding operations in the City of our size in the State. We have outgrown the system and machinery that we now have.

For our own comfort in the use of water and most certainly for the health of the community, WE MUST IMPROVE OUR WATER WORKS.

Rotary Governor Is Visiting Here

WILLIS H. (BILL) HITT, of West Palm Beach is visiting Belle Glade this week in his capacity as Governor of the 243rd District of Rotary International.

On Thursday night local President Tom Brigger and his Committee Chairman met with the Governor in a Club Conference to evaluate the work and plans for the current year in conformity with the District and National aims and objects.

On Friday, Governor Hitt will address the local Club as part of his official task; visits and conferences and addresses are a part of the obligation to each club in the District presided over by a Rotary Governor.

Mr. Hitt was elected to the position of Governor in Philadelphia at the 47th Annual Convention of Rotary International, last June.

In many visits to the Glades on business (bottling), as Commander of WPB Legion Post and as Chapter Chairman of the Red Cross, Mr. Hitt has a wide acquaintance in the Glades and a host of friends other than in Rotary.

Rotary has 248 districts throughout the world with a membership of 431,000 in 9,100 clubs.

Wherever Rotary Clubs are located, President Brigger and

sorted in discussing the Governor's visit, their activities are similar to those of other Rotary Clubs because they are based on the same general objectives—development of better understanding and fellowship among business and professional men, promoting community betterment, undertaking, raising the standards of business and professions, and fostering the advancement of good will, understanding and peace among all the peoples of the world.

Each year, this world-wide service organization continues to grow in numbers and in strength, President Brigger added. During the past year, 351 new Rotary Clubs were organized in 48 countries of North, South, and Central America, Europe, Africa and the Islands of the Pacific, and seven countries were added to Rotary's roster—Angola, Iran, Iraq, Jordan, Netherlands, New Guinea, Ruanda-Urundi, Swaziland.

As a result of a police raid last Saturday, four Cuban vendors were apprehended and charged with violating existing gambling laws in the City of Belle Glade.

The raid was planned by Police Chief Charles Goodlett and Officer Vernon Clarke and was directed through by Clarke and other officers of the Belle Glade Police Force. It was planned for August the 11th at 10 a. m. and was carried out at approximately that time.

Lyle W. Griffin, negro, was booked on selling Cuban tickets and posted a \$250.00 bond. He forfeited the bond.

George Wilcher, negro, was booked on possession of Cuban tickets and posted a \$50 bond which he also forfeited.

James Hamilton and Ennree Clark, both whites, were charged with conspiring to violate gambling laws. They were present in court on Monday night where they both pleaded guilty as charged. They were fined \$25 and costs or 30 days in the city jail.

Police Stage Raid Nab Cuba Vendors

First Grade Pupils Register Aug. 30th

Pupils entering school in the first grade this year will register Aug. 29, 9:00 a. m. to noon, in the Belle Glade Elementary Auditorium. Children must be six years old on or before Dec. 31. Parents must present a birth certificate. Those who were registered during the pre-school round-up in May will only have to present the birth certificate, turn in health record sheets, and receive information regarding school regulations and supplies the child will need.

Citizens To Meet On Bond Issue

According to Mr. Robert Langford, president of the Belle Glade Chamber of Commerce, a citizens meeting will be held on Monday night at the City Hall at 8:30 p. m. to discuss the coming water, sewage, and incineration bond issue.

The board of directors of the Chamber of Commerce, who have already met once on Thursday night of this week, will be present for the meeting on Monday night.

The citizens and voters of Belle Glade are invited to attend the open meeting on Monday in order to discuss the important question in full. A question of Commerce session will be held at that time.

City Manager Clarence Robinson said he will take advantage of this opportunity to clear up any questions that they have in regard to this question.

Local Allis-Chalmers Operators To Install New Service Department

GLENN THORNBURG, RIGHT, AND LEON MARKEY, discuss the adjustment on a diesel tractor. Mr. Thornburg and Mr. Markey, who is his son-in-law, have bought out the Murray Equipment organization and will act as dealers for the Allis-Chalmers equipment line.

"We propose," says Mr. Thornburg, "to install an adequate service and parts department for our products for the benefit of owners in this area."

Mr. Thornburg has been in the automobile and tractor business for some thirty years in Dallas City, Tex. The past three years he has found the family in Ft. Myers until the recent purchase of the Murray's interests.

Both the Thornburg family and the Markeys plan to buy or build home in Belle Glade. One Thornburg, Larry by name, eleven years old, is en route to school next month. Only one of the Markeys' three girls is of school age, Cindy, eight. One young Markey, three, and one nine months old, will keep mother busy for several years before school begins for them.

Local Jaycees Attend Miami State Meeting

At the regular Thursday meeting the following new members were introduced to the club: Dr. Emmett Harris, Jr., Perry Rigdon and Leo Burke.

Due to the lack of fishing facilities large enough to handle the expected turnout of Jaycees from the scheduled fishing trip, the committee was asked to use their own discretion and make arrangements for the near future.

Belle Glade Jaycees will be represented at the Florida State Jaycee Summer Conference to be held at the Empress Hotel in Miami Beach on August 24, 25, and 26, 1956.

SCHEDULE FOR A GROUP PICTURE while attending the annual meeting of the American Institute of Cooperatives in Raleigh, North Carolina are (from left to right) Cecil Harrell, Billy Brown, Louis Friedman, and John Prevatt; second row: Fred Sam Lovell, spouse of the WFA chapter, Mr. I. L. Price, Mr. George G. Young, and Mr. Walter Schlichter.

Schedule Of Teacher Activities Announced

The schedule for instructors during the pre-school period will be as follows:

August 21
9:00 - 11:00 Faculty meeting, Belle Glade High School, study hall.

August 22—Morning
Grade groups and subject area meetings in West Palm Beach schools.

Glades Boys and Girls in Service

A/2c Shepperd M. Pitts, Jr. is now based at Arlington, Virginia with the 121st Supply Group. He is the son of Mr. and Mrs. Shepperd M. Pitts, Osceola Center.

Pitts entered service in September of 1954, received basic training at Lackland Air Force Base and further training at Edwards Air Base in California. He was stationed in Tokyo for two months prior to going to Korea and returned from overseas in April of this year.

25th Div. Hawaii—Pvt. Louis Dexter, (negro), whose wife Marian, lives at 57 Church St., Bridgeville, Del., recently arrived in Hawaii and is now a member of the 25th Infantry Division.

Dexter, son of Alpha Dixson, 104 S. W. Fifth St., Belle Glade, Fla., is assigned to Company B of the division's 27th Regiment. He entered the Army in January of this year and completed basic training at Fort Jackson, S. C.

The 20-year-old soldier attended Everglades Vocation High School, Belle Glade.

Lackland Air Force Base, Texas, David Kendall, 18, (negro), son of Mr. and Mrs. Sandy Kendall, 549 S. W. 8th

St. Belle Glade, Florida is completing his Air Force basic military training at Lackland Air Force Base, the "Gateway to the Air Force."

His Lackland training is preparing him for entrance into Air Force technical training or for an Air Force duty assignment. The course includes a scientific evaluation of his aptitude and inclination for following a particular career field.

Lackland, situated near San Antonio, is the site of Air Force basic military training for men and women and home of the USAF Officer Military School, of which the USAF Officer Candidate School, the USAF Pre-Flight School and Officers Pre-Flight Group are operating units.

Editorially Speaking . . .

Catch The Rain Where It Falls

Nowadays millions of people think of flood control as something that requires huge multi-purpose dams costing an incredible sum of tax money. The truth is that big-scale flood control, in case after case, can be better effected at vastly lower cost, by small upstream dams.

This story was recently told in a National Municipal Review article by Peter Farb. Mr. Farb dealt with what has been done on a stream in Western Oklahoma which formerly suffered an average of nine floods per year. The Soil Conservation Service, with only pennies to spend where the big dam groups spend dollars — solved the problem by the upstream approach. Of this, Mr. Farb writes, "The upstream approach is as different from the big-dam approach as earth is from concrete. While SCS diminishes floods by trapping water upstream, and thus minimize downstream flood conditions, the Army Engineers try to control already-swollen rivers." The upstream dam, he adds, is estimated at 1/2000th the size of a typical big-dam built by the engineers, and the cost is comparably less.

The whole theory of upstream flood prevention can be expressed in a phrase — catch the raindrops where they fall. It is sound, it works, and it is relatively inexpensive.

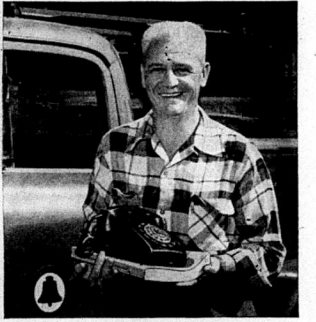

Why, then, has there been so much propaganda for the multi-hundred-million dollar big dams? One reason is that these dams also produce power — and their construction is devoutly desired by those who want to see a tax-subsidized, socialized, federal electric power monopoly established in this country.

Lip Service

Woodrow Wilson — who was a teacher and historian as well as a statesman — showed rare prescience when he said in 1914: "Liberty does not consist . . . in mere general declarations of the rights of men. It consists in the translation of these declarations into definite action."

Everyone, with hardly an exception, pays lip service to liberty. But more and more have seemed willing to surrender rights, obligations and the greatest enemy of human liberty — all-powerful government.

PAUL TINSLEY . . . with another armload of good living for somebody. Paul's been with the Company for 16 years. He's active in church work. Hobbies are fishing and hunting.

Meet the Man who brings an armload of good living . . .

Paul Tinsley, telephone installer for Southern Bell, brings a lot of good living with his phone.

He brings peace of mind. Security. Quick, easy touch with folks around town or across the land, at low cost.

He brings the beauty of telephones in color . . . the convenience of light-up dials, spring cords, "hands-free" Speakerphones and other new things for the "well-telephoned home" — with the right equipment in the right places for your needs.

Paul and fellow-installers have put in over 7 1/2 million phones in 10 years, as well as the South's exciting growth stories. He and 66,000 other Southern Bell folks work together to give you the complete, modern telephone service you want.

Southern Bell Telephone
and Telegraph Company

Economic Highlights

Happenings That Affect the Future of Every Individual, National and International Problems Inseparable from Local Welfare
Every election year at about this time "Get Out the Vote" campaigns swing into high gear throughout the country. It's a rare citizen indeed who doesn't read and hear that voting is both a privilege and a duty, incumbent upon us all.

This year a nation-wide campaign to persuade people to vote is under way — and it goes a long step farther. The American Heritage Foundation, aided by some 130 cooperating organizations representing groups as varied as business executives, union members, actors, lawyers and many others, has come up with this slogan: "Vote—But Don't Do the Dark!"

William Hard, writing in the *Observer's Digest*, tells the story under the striking title: "Register! Inform Yourself! Vote!" And he makes emphasis on the two words, "Inform Yourself!" Anyone can mark an X on a ballot or pull the handle of a voting machine. But it takes some extra effort to vote intelligently, with full knowledge of just what the competing candidates stand for.

There is no doubt that intensive campaigns such as the American Heritage Foundation is conducting do bring out the vote. The Foundation waged its first national campaign in 1952, and 63 per cent of eligible voters made their choices known, as against 51 per cent in 1948. In 1954 the Foundation was busy with other matters and did not conduct a campaign — and the percentage dropped to 52 per cent.

Mr. Hard observes that compulsory voting laws are sometimes urged for this country. In countries where failure to vote brings a fine—Belgium and Australia—the turnout consistently runs about 95 per cent. But it is obvious that a mere threat of a fine does not and cannot make him an informed or thoughtful voter. Also, as Mr. Hard writes, "Legislation to compel the exercise of liberty is a denial of liberty."

Moreover, Europe teaches us that compulsion is not necessary. In recent elections in a lengthy list of non-compulsion countries the turnout ranged from 77 per cent in Britain to an amazing 96 per cent in Austria.

As General Gruening, head of the National Citizens' Committee for the U. S. Election, wrote the Foundation: "Although I never cease to be proud of being an American, I have been impressed during my five years in Europe by the high percentage of European citizens who go to the polls to vote. Their record is better than ours in this all-important matter of individual participation in government."

From now until election day you will be bombarded with appeals to vote—seven loudspeakers at scores of ballparks will broadcast the message.

Finally, Mr. Hard observes that our responsibility as great world leaders demands "that we must read, we must listen, we must study, we must think — and then say at the polls what kind of country and what kind of world we want."

Smith, Mrs. Omar Neils, and Miss Faye Herring; Juniors — Miss Luiska Mae Humphries, Mrs. Melrose Thompson, Mrs. Armella B. O. Brown, Miss Pat Fierro, Mrs. Ralph Kirk, Mrs. John Schlechter, and Mrs. William Thibaud; Intermediates — Mrs. Marvin Unwin and Mrs. Luther Jones. The general secretary will be Mrs. Clyde Parrish, with refreshments in charge of Mrs. Henry Collins and Mrs. Bea Barrett.

Wendell Carpenter, director of music and education, returned on Monday from a vacation in the mountains and visiting friends and relatives in north Florida. A full choir program will begin again the first of September with a choir for every age group.

Youth Fellowship on Sunday night is being conducted by the young people themselves. This Sunday Misses Ann Norman and Susan Clarke will conduct the fun and fellowship.

CHURCHES OF CHRIST, SCIENTIST — The fact that mankind can understand the divine mind, for intelligence and ability will be brought out at Christian Science services this Sunday.

Keynoting the Lesson-Scripture entitled "Mind" is the Golden Text from Psalms (147:5): "Great is thy Lord and thy power: His understanding is infinite."

The practical value of understanding God as divine Mind will be emphasized in readings from "Science and Health with Key to the Scriptures" by Mary Baker Eddy, including the following (258:21): "The human capacities are enlarged and perfected in proportion as humanity gains the true conception of man and God."

Included in the Bible readings will be the following advice of Paul to the Philippians (2:5): "Let this mind be in you, which was also in Christ Jesus."

Blackburn to Speak At Methodist Church — The Community Methodist Church will hold two special services on Sunday.

Dr. Henry W. Blackburn, new District Superintendent for the Palm Beach District, will be the speaker at the 11 o'clock service. He will speak on the topic, "Beyond Duty." Dr. Blackburn was formerly the district superintendent for the Miami Area.

Musical service will be furnished by the Chancel Choir. Milton Carpenter will sing a solo.

At the evening service, Dr. Ralph Kidder will be in charge of showing an excellent motion picture entitled "Sound of a Stone."

Special music will be supplied by the Girls' Trio.

St. John's Church Changes Services

The Church of St. John the Apostle will hold services Sunday at 9:30 a. m. with Sunday School scheduled for 10:30. The Rev. Walter G. Martin announced that services at Holy Nativity Church, Pahokee, will be at 9 a. m. He will officiate and preach at St. Martin's, Clewiston, at 11 a. m.

This change has been necessitated by the absence of the Rev. John Clarence Petrie, Vicar of St. Martin's, who is vacationing in Denver, Colo.

The Sunday service at St. John's is ordinarily held at 9 a. m.

South Bay Baptists Elect New Officers — Deacons to serve for the coming year at South Bay Baptist Church were nominated at the last meeting of the year held Wednesday night at the church.

Nominees are: Clarence Hall, W. E. Cline, W. J. Williams, Frank Willis, A. J. Williams, W. W. Bowen and R. B. Goodhand.

Officers elected by the Brotherhood for the new year are as follows: President: Thurmond McKinley; Membership Vice President: Clarence Hall; Program Vice President: C. Allen; Church Vice President: J. C. Allen; Secretary and Treasurer: W. G. Bowen, Jr.; R. A. Counselor; Sunday School: J. C. Allen; J. Smith; Social Committee: W. E. Cline, A. J. Williams, Hovas Prevatt.

First Baptist Church, W.M.U. met Tuesday at 7:30 with Royal Service as the program.

Youth Choir practice was held at the church at 7:30 Thursday, also the Brotherhood cottage Prayer Meeting was held at the home of W. G. Bowen.

The school is being directed by Dr. J. Leighton Scott.

Today's Meditation — The World's Most Widely Used Devotional Guide

Read II Corinthians 5:1-5

Yea, though I walk through the valley of the shadow of death, I will fear no evil for thou art with me; thy rod and thy staff they comfort me. (Psalm 23:4)

Two years ago I visited a pastor-friend in Texas. I went with him to see a woman 85 years old. She lived alone. After her husband had died and her son had married, she had become a deaconess. For forty years she had faithfully served her Lord. Now she was confined to her bedroom.

By her bed I noticed a telephone. From her bedside she would inquire all about the church, the pastor, the services, the strangers, the newcomers. She would encourage people to attend church and to be faithful to their vocations.

On that afternoon her smiling face expressed her radiant faith and her unending love. Her life was an expression of what the Apostle Paul meant when he wrote: "So we do not lose heart. Though our outer nature is wasting away, our inner nature is being renewed every day."

PRAYER — O Lord, let us not lose heart, knowing that our life is in Thy hands. Keep us with a glowing soul and a shining faith till the end, when darkness shall become light and eternity. In Christ's name we ask it. Amen.

Dr. R. F. Hallford Will Conduct Revival

Revival services at South Bay Baptist Church scheduled to begin September 3rd.

The Rev. Walter G. Martin announced that services at Holy Nativity Church, Pahokee, will be at 9 a. m. He will officiate and preach at St. Martin's, Clewiston, at 11 a. m.

This change has been necessitated by the absence of the Rev. John Clarence Petrie, Vicar of St. Martin's, who is vacationing in Denver, Colo.

The Sunday service at St. John's is ordinarily held at 9 a. m.

PRAYER — O Lord, let us not lose heart, knowing that our life is in Thy hands. Keep us with a glowing soul and a shining faith till the end, when darkness shall become light and eternity. In Christ's name we ask it. Amen.

Mrs. Van Horn's Father Dies

Funeral services for J. A. McGehee, 63, who died Monday at Clewiston Hospital, were held at 2 o'clock yesterday afternoon at Patch Funeral Home, Clewiston, with the Rev. Ben Rider of First Methodist Church officiating.

A native of Ocala, Mr. McGehee has been a resident of Hendry County for 31 years. For 18 years he was the Standard Oil Agent. At one time he captained a lake boat running between Clewiston and Fort Myers. He was a former justice of the peace and a city commissioner of Clewiston.

Mr. McGehee was a Navy Veteran of World War I, and a past commander of American Legion Post 93 at Clewiston.

Survivors include his widow, Lucette; two sons, James A. McGehee, Jr., of Clewiston, and Sgt. Sidney McGehee USAF of Lake Charles, La.; one brother, Ambrose, of Fort Myers; and two daughters, Mrs. Russell Jones, Arkansas; and Mrs. Gertrude Van Horn of Belle Glade; six sisters, Mrs. Bettie Jackson; Mrs. Clara Maloy, and Mrs. Pearl Fraser, Fort Myers; Mrs. Minnie Carlsen, Mrs. Edith Mooney, Mrs. Ula Midgett, Tampa, and eight grandchildren.

Interment was at Ridgeland Cemetery.

WSSC Holds Meeting — Luncheon Following

The Women's Society of Christian Service met Wednesday at 10 a. m. in the Community Methodist Church. Mrs. R. V. Allison gave the devotional.

Mrs. Vernon Powers, president, presided over a short business session. Mrs. Clara Gledhill reported on the Florida School of Missions held recently in Lakeland at which she was acting as a delegate. Mrs. Herbert D. Beck had charge of the program and gave a book report on "To Combine Our Efforts for Lasting Peace."

A luncheon was held afterwards in the Jamboree Hall with Mrs. Clarence Kidder and Mrs. Thelma Stevens in charge. Following the luncheon Mrs. R. V. Allison gave additional information regarding the Florida School of Missions.

Eighteen members were present for the meeting.

Kerby Service Station — Ave. E & 4th Street
Parrish Brothers Service Sta. — 155 North Main Street
Ray's Service Station — U. S. Highway 27

Would you trade 20 minutes of your time for a saving of hundreds?

It doesn't cost a cent to Take a Ford Test Drive... and you may save hundreds!

August is Saving Season at your Ford Dealer's. Buy a Ford while he has his ducks for the '57 models.

Why put off the fun of a Ford Test Drive for a single day? As you know, it puts you under absolutely no obligation. And it may save you literally hundreds of dollars we'll get to that a little further on.

By a Test Drive we mean more than a once-around-the-block "spin."

We want you to test the power that rocketed Ford to a 500-mile stock car record at Indianapolis... the GO that won the grand prize in NASCAR's Daytona Champ-Ford race... the fun of driving a Ford Test car out in your kind of driving: on the highway, getting going at traffic lights. We'll put either a Ford Six or a mighty V-8 with up to 225 h.p. at your disposal.

We want you to drive and listen—and feel.

That fine car quiet rides from sound insulation under the hood, under the roof, in door and body panels—the most insulation in any car at anywhere near Ford's low price.

Some other things that contribute go to make Ford's leading competitor certainly can't boast: Ball-joint suspension with wide base control arms for better steering, more stable wheel alignment... shock absorbers that are mounted to the frame rather than the body.

"Sure," you'll say as you drive along the highway. "Fech pretty good—but after all, this car is new."

Well sir, when you come in from your drive we'll show you why Ford will stay like new for a long, long time.

We'll show you how Ford has five cross-members (including a "K" member) in its frame. Ford's leading competitor only has two. We'll show you the deep-block Y-like engine design which enables Ford engines to take it.

Now—what you're waiting for. How can you save hundreds of dollars by taking a Ford Test Drive?

Simply by proving to yourself that there really is a fine car in the low-price field.

You see, the reason a Ford does not cost hundreds of dollars more than it does, is a Ford's huge production and the huge volume which we Ford Dealers sell.

But enough of this talk. Come in. And you do the driving and the talking. Bring the family, too.

FORD goes first

POST OFFICE RECOGNIZES (Continued from page One)

Mrs. Keese was notified that it was regrettable by the department that a nation-wide adoption of the suggestion could not be made due to the fact that a similar stamp could be found as a stock item that could be made up as directed by a postmaster.

Mrs. Keese first went into insurance as a temporary substitute clerk on August 16, 1946, before her marriage, the former Dorothy Betzner and was promoted to a regular clerk on December 16, 1952. She is the main distributor at the local office.

Winn-Dixie Stores **Preparing Redwing Super Market**

Announcement was made on Monday of this week by Mr. Carl Ingman, former owner of Redwing Store, of the sale of that business to Winn-Dixie Stores, Inc., effective last Saturday.

Mr. Marvin S. James, Miami, general manager of Winn-Dixie was in Belle Glade last week end completing the purchase for his company. Stock was inventoried on Sunday, with the new management taking over Monday morning.

According to Mr. Ingman it is understood the store will continue operation under the same name with the same personnel, Mr. Robert Riley as manager.

"To our Glades friends and customers I'd like to extend a sincere 'thank you' and tell you we've enjoyed our association in Belle Glade," Mr. Ingman remarked.

SCHEDULE OF TEACHERS (Continued from Page One)

Local Cattlemen To Attend Study Meet

George C. Young, manager of the Glades Livestock Market, will attend a grade study school in winter field, Florida on August 24th.

An entire series of grading schools will open in Center Hill at that time. They have been organized by Sumpter County Agent O. M. Maines, Jr., and will be conducted by the Agricultural Extension Service of the University of Florida.

The new sessions are aimed at helping farmers recognize the various market grades and understand the market value of cattle.

Cattle feeders will gather at the Central Packing Company at 9:30 a. m. and grade live animals representing all seven grades. Talks by James E. Pace, Robert L. Reddish and Kenneth L. Durrant, animal husbandmen with the Extension Service, will be given on grading, feeding and production testing.

The cattlemen will then study carcasses comparable to the various grades of cattle they observed on the hoof earlier in the day.

Mr. Pace announced that other grading schools, including hog grading schools, will be held in other counties.

Thirty-Seven Boys Report For Practice

Head Coach Jim Maynor announced this week that thirty-seven boys reported for the first football practice of the year last Monday. Of the thirty-seven boys who turned out for the practice, nine of them are lettermen who will be returning as seniors this fall.

They are: Earl Armstrong, Billy Jackson, Vance Broome, Dan Jones, Louis Friedhelm, Wayne Moser, James Norris, John Prevatt, and Charles Royal.

Practice will continue every day until September 1st with two practices every day beginning with August 16th.

Money Taken From Okeechobee Camp Over Last Weekend

Four hundred and fifty dollars disappeared from the safe of the Housing Authority office at Okeechobee Camp between noon last Saturday and 8:00 p. m. Monday.

Harvey Poole, assistant manager at the camp, reported the incident to Mr. Lorenzo Connel, Manager of Okeechobee Camp, Friday evening, in the absence of Mr. Jim Wieringo, who was away on vacation.

The money was, as usual, placed in a locked metal box, inside a locked compartment of the safe which was also locked. The petty cash book took care of Monday's transactions and the larger money was deposited until Monday evening, when the loss of the money box was discovered.

No indication of breaking or entering was evident. Four employees at the camp are reported to have had access to the office, and supposedly only two knew the combination to the safe.

Constable Buford Prescott is investigating and on Thursday expressed confidence of an early solution.

The Dixie Lily Milling Co. recently dedicated new elevators at Trenton, Fla., that are part of a plant expected to build an annual million dollar Florida corn market.

Nashua is responsible for Hialeah's two largest crowds of all time: the 37,282 who saw him win the 1955 Flamingo, and the 42,365 at the 1956 Widener.

THANKS FOLKS! We do appreciate the welcome to us by this community. We will always strive to give
